As a recent graduate of Fullstack Development Bootcamp, I am excited to bring my newly acquired skills and knowledge to a junior full stack development position. I am eager to collaborate with a team to create innovative and efficient solutions.

Education:

Dec 2022- June 2023 Fullstack Developer Bootcamp, Appleseeds.

- An Intensive 6-month, 720 hours training program that encourages self-led learning and group projects that simulate real-world development teams, including GIT workflow.
- Learning and applying front-end skills such as HTML, CSS, JavaScript, React and back-end skills such as Node.js, and MongoDB database.

2008-2011 Yoana Jabotinsky High School, majoring in **Computer and Physics**.

Work Experience:

2023: Fullstack developer at Makes – Innovation Hub

- Collaborated effectively within a team of developers using agile methodologies: sprints, demo presentations, and daily meetings, fostering open communication and ensuring timely delivery of project milestones.
- Experienced in Frontend and Backend development using technologies like **Git, GitHub, Vite, NodeJS, Redux, Auth0, i18n, and scrapping**.

2020-2022: Truck Driver at Shlomo Group

- Experience in delivering high-value vehicles to customers across various locations.
- Through this experience, I gained a strong work ethic and a commitment to delivering exceptional results.

Military Service:

2015-2017 Driver instructor at military driver school. Training new drivers to become safe and responsible drivers using my communication, patience, adaptability skills, and comprehensive knowledge.

2011-2015 Truck driver at the logistical unit. Safely and efficiently transporting materials and equipment to their intended destinations on time.

Technological skills:

HTML5, CSS3, JavaScript, React, Vite, NodeJS, Express, MongoDB, Mongoose, Git, Github, Redux, OpenAI API, Auth0, Bash, Figma, Styled Components, i18n, Photoshop.
