As a recent graduate of Fullstack Development Bootcamp, I am excited to bring my newly acquired skills and knowledge to a junior full stack development position. With a strong foundation in full stack development, I am eager to collaborate with a team to create innovative and efficient solutions.

Education:

2023: Fullstack Developer Bootcamp, Appleseeds.

- An Intensive 6-month, 720 hours training program that encourages self-led

learning and group projects that simulate real-world development teams,

including GIT workflow.

- Learning and applying front-end skills such as HTML, CSS, JavaScript, React and back-end skills such as Node.js, and MongoDB database.

Work Experience:

2023: Fullstack developer at Makes – Innovation Hub

- Collaborated effectively within a team of developers using Agile methodologies: sprints, demo presentation, daily meetings fostering open communication and ensuring timely delivery of project milestones.
- Work in team of developers in close collaboration with team leader, product manager during developing a project from the scratch.

2020-2022: Truck Driver at Shlomo Group

- Experience in delivering high-value vehicles to customers across various locations.
- Through this experience, I gained a strong work ethic and a commitment to delivering exceptional results.

2011-2017: Military mandatory and career service

- **2015-2017** Driver instructor at military driver school. Training new drivers to become safe and responsible drivers using my communication, patience, adaptability skills and comprehensive knowledge.
- **2011-2015** Truck driver at logistical unit. Safely and efficiently transportation of materials and equipment to their intended destinations on time. Drive categories I owned: A1, B, C, E.

Additional Technologies:

HTML5, CSS3, JavaScript, React, Node.js, Express, MongoDB, Mongoose, Git, Github, Redux, OpenAI API, Auth0, Bash, Figma, Styled components, i18n.
